Information

Smoking Policy

Smoking is not permitted in staterooms or on verandas and is only allowed in designated areas onboard. Please refer to the policy listed in the Directory of Services in your stateroom. Violation of the policy will result in a fine.

Health Advisory

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after rest room breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. According to the U.S. Centers for Disease Control and Prevention, Noroviruses affect 23 million Americans on land each year. In fact, the only illness that is more prevalent is the common cold.
