## The Officer's Daily Log

### Meet Maitre d'Hotel Ignazio D'Agostino

Ignazio D'Agostino hails from the small village of Molfetta, along Italy's Adriatic coast.

After graduating from a renowned catering school, he gained experience at a five-star hotel on Elba Island. In 1984, Ignazio put his skills to use at sea and has since worked onboard several ships in the Princess fleet.

When he's not fishing or daydreaming of sailing his favorite Alaskan itineraries, Ignazio spends time at home in Italy with his wife, Raffaella, his children, Rossana and Alessio, and his little dog, Bella.

### by Maitre d'Hotel Ignazio D'Agostino

Although visits to our exciting ports of call offer the chance to sample new and interesting local cuisine, we're always ready onboard to provide you with plenty of fresh and flavorful options throughout the day.

For an early start, consider using your breakfast card for in-room service. For a quick snack on sea days, look for our soft, fresh-baked cookies and ice-cold milk on deck. Later in the day, you can always recharge with Neapolitan-style pizza at our Pizzeria or burgers and fries at our Grill.

One of the most visited sites in Cartagena, Colombia, is the giant San Felipe de Barajas Fortress, built by the Spanish during the 17th century. Together with Cartagena's walled city, these Colombian treasures have been named a UNESCO World Heritage Site. The most daring visitors in port today may also choose to test out the purported healing powers of the region's mud volcano, a unique activity you're sure to never forget!

I'd also like to leave you with one more suggestion to enrich your experience during this cruise. Whether you're celebrating a birthday, anniversary or just a change of scenery, our Ultimate Balcony Dining provides a memorable breakfast or a four-course dinner with dedicated wait staff in your stateroom. In addition, I highly recommend Sabatini's<sup>SM</sup>, which offers Italian fine dining or our New Orleans-style restaurant, the Bayou Café & Steakhouse. All three options are available for an additional charge. Please dial 3463 for a reservation.

### From the Navigator

This morning Island Princess will once again embark a Pilot to guide us through the Bocachica Channel, the narrow buoy channel leading to the Bahía de Cartagena. This afternoon, we will manoeuvre the ship off the pier and retrace our passage across the Bay all the way back to the Bocachica Channel. Once clear from the channel we will head southwest towards the Panama Canal.

### General Safety and Security Guidelines While Ashore:

- Stay in the normal tourist areas and don't travel to out of the way places without a reputable guided tour.
- Always travel with a companion.
- Do not leave any of your belongings unattended in public areas.
- Be generally aware of people and activities around you.
- Do not accept packages from anyone you don't know personally.
- Keep a low profile — dress and behave conservatively.
- Be careful in choosing places to eat and drink ashore.

### Eating and Drinking Ashore

As a precaution, we advise that if you decide to eat or to drink ashore, you should only use reputable hotels or establishments, drink bottled water and ensure that ice is from a purified source. These simple precautions are a great contribution for maintaining a healthy shipboard community.

### Ship's Security Notice

In order to prevent unauthorized persons boarding the ship, you are required to carry your "Cruise Card" with you when going ashore. You will be asked to produce this at the gangway when you leave and return to the ship. Please ensure that you also have a Government-issued picture ID with you before leaving the ship as you may be required to show this at security checkpoints upon your return. Do not accept or bring onboard any parcels or packages from strangers. Before boarding, you may also be asked by our Security Staff to open parcels or handbags which you are carrying.
