Welcome aboard Celebrity Cruises' newest ship, Celebrity Solstice, featuring staterooms 15 percent larger than those on previous Celebrity ships, a half-acre Lawn Club with real grass, a glass blowing show and studio, unrivaled dining venues offering trendsetting cuisine and design, and widely varied entertainment.

"Intuitive" Design

The ships' staterooms are among the most spacious and inviting at sea, and feature intuitive design elements. These include more spacious bathrooms, a foot rail for easy leg shaving in the shower, expanded storage, and individual reading lights at each night stand.

Unique Experiences

Celebrity Solstice presents an industry first on the top deck of each ship: real, growing grass, set in an innovative new country club environment known as "The Lawn Club". This is a half-acre area where you can enjoy lawn bowling and croquet, practice your putting, picnic with a basket of wine and cheese, or simply feel the grass between your toes, while sailing the oceans of the world.

The area also features the "Hot Glass Show", another first in the industry, developed in collaboration with The Corning Museum of Glass. The Hot Glass Show provides live demonstrations and a narrated performance of glassblowing, designed to engage, educate and inspire you about the art, history and science of glass.

Entertainment on Celebrity Solstice is nothing short of unforgettable. Poet Theatricals has created original shows that can be seen only on Celebrity Solstice. Three shows, built around the theme of light, include "Solstice," "Ghost Light," and "Pulse"; all are guaranteed to ignite your energy with motion and vocals.

In the summer of 2009, Celebrity Equinox will add even more berths to this stylish new class of ships, when it sets sail in Europe. Celebrity Solstice and Celebrity Equinox will be followed by three more Solstice-class ships: Celebrity Eclipse, launching in 2010, and two as-yet-unnamed ships launching in 2011 and 2012, respectively.

We hope you enjoy your Solstice-class experience!
